Dear Villagers,

It was another wild stormy night when the winds howled, the timbers creaked and the tornado warnings came across cell phones throughout the Village. Prudent villagers scurried to basements with flashlights and camping lanterns in tow. Across Gates, Hillcreek and West Hill Roads, trees crashed to the ground all in a similar fashion, end to end, in a ragged line. The storm did not spare Battles Road where a transformer slammed by a falling tree sparked a grass fire whose glow was seen from Gates Mills Towers. Sadly one charming home on the north end of River Road was crushed by a towering white sycamore tree though, gratefully, no one was home at the time. It was a rough night followed by road blockages and extended power outages throughout northeast Ohio. Thank you to our Fire and Service Departments for helping us get through the “power holiday” with few mishaps.

The Community Club welcomes Chef Doug Katz to the Village on Thursday, October 26<sup>th</sup>. Many Villagers know Doug and have dined at his restaurants. He is always entertaining, and this time he will be bringing Dana Harary, a fellow entrepreneur, with him to share innovative ways to use Tahini in our own culinary endeavors. It promises to be lots of fun and informative, too. Reservations required; open to prospective members and guests; please see the Community Club page. Community Club luncheons and programs are on the fourth Thursday of the month.

Sunday, October 22<sup>nd</sup> is the Players Chili Cook-Off! Is it brunch or is it lunch? It should be delicious no matter what you call it. New residents, don't miss this opportunity to see what our Village organizations and clubs can cook up for a good cause. Which chili will be your favorite? Spicy? Smokey? White? Our clubs' best chefs have entered their favorites. Browns play the Colts in Indianapolis at 1PM (in case you were wondering).

Welcome to newly sworn-in Fire Chief Tom Majewski. Tom has been in the fire service for 49 years and holds several State of Ohio fire safety/paramedic licenses. Many Villagers already know Tom; please congratulate him when you see him in the Village. Our fire department's drop down menu on the Village website lists its safety programs.

Last month The Gates Mills Historical Society began a series of articles celebrating the history of the old iron interurban bridge. This month's second article is a continuation of the presentation to the GMHS on the bridge's restoration back in 1980. A big birthday will be coming up in a year or so for the iron “Walking Bridge” that unites the Village near the Arboretum. Perhaps a celebration is in the offing and maybe a serious “buffing up” of our local landmark.

November 7<sup>th</sup> is Election Day. New residents: your polling place is in the Community House basement. Gates Mills Elementary School usually has a bake sale upstairs starting at 6AM and goes until it is sold out. Make a point to stop upstairs for something sweet!

October 2023

Dear Villagers,

October's cool air, crisp leaves and colorful tree displays mean it's time for fall planting, clean-up and holiday prepping.

Our Service Department has been in storm clean-up mode and moving right into fall clean-up as we get ready for winter. They do a great job on our behalf throughout the year.

Mother Nature certainly hit us with the end of August storm. We got hit big time! Please report your electric outages to First Energy at 1-888-LIGHTSS (888-544-4877) or online at [www.firstenergycorp.com](http://www.firstenergycorp.com). We still do not have everyone reporting to First Energy. Please stay away from downed wires! They can be live! We learned from this storm and hopefully that will help us as we go forward. Thank you to everyone for your patience. We understand the frustrations that the storm damage causes. Thank you!

We are offering many opportunities for you to handle your unwanted items at Town Hall this month.

The Cuyahoga County Solid Waste District is also offering a TV recycling event on October 14 at their location.

Thank you to our Gates Mills Improvement Society for putting on a very good Candidates Night Forum. It went well and was very informative. Thank you to everyone involved.

Please let the Police know if you are going away. The information stays in Gates Mills with our Police Department. You may fill out the form on our website under the "Watch My House" line under Online Services or during weekday hours, you can call Dorothy or Jean at Town Hall with your information. Officers are out driving our area 24 hours, 7 days a week. They look for cars in driveways of people who are away and for packages that have been delivered. Please help them keep you safe.

Halloween is coming! There is door-to-door trick or treating and there will be a party at the Community House. The event will be held on **Friday, October 27 from 6:00 p.m. until 8:00 p.m.** Further details can be found in this issue of The Pink Sheet.

**Election Day is Tuesday, November 7.** Please remember to vote either in person or via absentee ballot.

Looking forward to a beautiful fall in our Village!

## Chef Doug Katz

Thursday, October 26

11:30 a.m. - Community House

Don't miss this very special opportunity to hear nationally acclaimed, local celebrity chef, Doug Katz, executive chef/owner of Zhug, Amba, and soon-to-open Chimi. Chef Katz will describe his 25 year personal journey as a chef. His culinary repertoire has grown with experience at various establishments, including: Executive Chef at Moxie, Chef/Owner of Fire, Provenance at the Museum of Art, and other high profile restaurants in Colorado and Oregon. The prestigious James Beard Foundation nominated Doug Katz for Best Chef of the Great Lakes Region and he was recognized by Crain's Cleveland Business as one of the top 150 names to know in NE Ohio.

Chef Katz is passionate about using fresh, high-quality ingredients with integrity; locally sourced when possible. An industry leader, he advocates for sustainable, healthful local food systems. As such, he is an advisor for Seeds of Collaboration (SoCo) Tahini. He will be joined by entrepreneur, Dana Harary, who owns Eat SoCo, a manufacturer of middle eastern Tahini using a generations-old family recipe using top quality, organic, slow roasted ingredients.

Doug and Dana will enlighten us on various creative, innovative ways to use Tahini, which will include a food preparation demonstration and samples for us to taste. To inspire us, they will bring jars of tahini we can purchase to try the recipes at home.

# Gates Mills Fire Department

Thomas Majeski, Chief Office: 440-423-1580 email: [firechief@gatesmillsvillage.com](mailto:firechief@gatesmillsvillage.com)

Greetings from the Fire Department! As this is my first article in the Pink Sheet, I wanted to introduce myself and provide some fire safety information as well. I have been in the fire service for 49 years. I started as a part-time firefighter in Willoughby Hills in 1974 and became full-time with the Cleveland Hopkins Airport Fire Department in 1976 and transferred to Pepper Pike Fire Dept in 1981. In 1995, I was hired as a training officer for the Gates Mills Fire Department. In 2003 I became the Assistant Fire Chief. I currently hold State of Ohio Licenses in Firefighter II, Fire Safety Inspector, Fire Instructor, Live Fire Instructor, Paramedic, and graduate of Lakeland Community College, Associate in Fire Science.

Our Fire Department had a record number of calls (42) for the month of August. This included storm duty calls and a working house fire. I would like to thank my fellow firefighters for their prompt response and diligence in handling all these calls.

The August storm impacted many areas in northeastern Ohio, and Gates Mills had widespread damage in many areas of the Village. With so many trees down and entangled in power lines, many areas were without power for an extended period. Firefighters and Service Department members moved many branches and trees to open as many roadways as possible. It is important to note that it is never safe for anyone to move downed power lines without the lines being checked by a member of the power company. Many times, lines will energize objects they touch or even the ground around the wire. The Fire Department will use banner tape and traffic cones to create a warning area to keep workers and the public safe.

This event should prompt all to have a family disaster plan and the supplies to provide for these emergencies at hand. The Federal Emergency Management Agency recommends that necessary supplies should be stockpiled for an emergency lasting three to seven days.

October is Fire Prevention Month. Check your smoke and carbon monoxide detectors!

Yours in Safety,

*Chief Thomas Majeski*

# *Gates Mills Police Department*

*Proud to Serve...Sworn to Protect*

## **From Your Police Department:**

Fall is upon us! I hope that you were able to enjoy and make the most of your summer.

October is National Crime Prevention Month. Most homes in the village are protected with a security system. It may be a good time to contact your provider and re-evaluate your system as technology constantly changes and improves. If you are not signed up to receive emergency notifications, please consider doing so. The notifications allow us to alert you with important information we feel needs to be shared immediately. To sign up go to our webpage [gatesmillsvillage.com](http://gatesmillsvillage.com) and click on the Ready Notify tab on the right-hand side. If you need assistance, Town Hall Coordinator Jean Misch can assist you, please contact her at the village hall 440-423-4405 ext. 111.

The police department is encouraging residents who have cameras around their property to notify us so we can add you out our database registry. Having this information can be beneficial to us in the event we are investigating criminal activity in the area. I also want to remind residents that Crime Prevention Officer, Jessica Newsome, is available to meet with you and provide you with safety tips for your residence. Ptl. Newsome can be reached at 423-4405 ext. 132 or at [jnewsomegatesmillsvillage.com](mailto:jnewsomegatesmillsvillage.com).

This month Corporal John Richards will be completing 21 years of service in the police department. John is assigned to our regional SWAT Team. Cpl. Richards has been one of the two snipers on the Unit for seven years. He also serves as a shift Officer-In-Charge and the department's Vehicle Maintenance Officer. He works closely with our village fleet mechanic, Armando, to make sure the patrol cars are safe for our patrol officers. Congratulations to Corporal Richards on this dedication and service to the village.

Our Mayfield Road speed camera program has been a very effective tool for us. Through the first two months, excessive motorists driving over 60mph has been reduced by approximately 60%. A reminder the speed cameras are an addition to traditional traffic enforcement by our patrol officers. Our current data shows about 16,000 motorists travel on Mayfield Road each day and we are targeting about the 2% of drivers.

And finally, our Halloween event will be on Friday, October 27<sup>th</sup> at the Community House.

Until next month – *Proud to serve...Sworn to Protect*

Yours in Service,

*Gregg Minichello*

Chief of Police

PRESERVING HISTORY FOR 77 YEARS

## **The Bridge**

Written by Sterling W. Hubbard, Jr.  
on the occasion of its restoration, October, 1980

The second in a series of articles on the Walking Bridge in the Village

There is an iron bridge across the Chagrin in the middle of the Village. It misses St. Christopher-by-the-River by feet. A family of mallards lives under the bridge with an adopted Muscovy duck who returns with them every summer. They build nests in the spaces between the rusting iron and the large stone footings which parallel the river bank. The bridge crosses the river at an acute angle. Its floor is a parallelogram ten feet above the water conforming to the right-of-way angle. The angle carries up into the tall structure and is augmented by an assortment of angles greater and smaller.

The bridge was assembled with red hot rivets before the turn of the century. It was built for the Cleveland and Eastern Railroad Company which went quietly out of business in nineteen twenty-six, as did most of the other electric interurbans. The tracks were sold for scrap and the brick power house and car barn on the east bank abandoned. The bricks later became the walls of the new town hall and the bridge was left for a footpath between the two halves of the village.

The contractor who built the line was paid by the mile. The right-of-way still shows it. It wanders. There was, however, one straight section of track about eighteen miles long, running into the city. It paralleled the old plank toll road which the electric line bought.

One morning early, leaning on the south handrails of the bridge, I was watching six Canada geese cruising single file downriver toward me. Sam Cahill was opening his grocery store on the east bank. He saw me on the bridge and hollered, "Good morning!"

"Hey, Sam," I hello'd back, "come over here and look at the gaggle of geese I've got for you."

He joined me and we watched their criss-crossing of the river as they sailed down on us.

"Don't seem to be eating," I noted.

Who could see to eat in that muck," said Sam. "And who would eat it if they could see it?"

The water was a bit on the brown side.

"You know, Sam, it's hard for me to imagine you at the controls of those big interurbans thundering over this bridge."

"Thundering?" Sam looked up. "Not on this bridge. We came through here dead slow. There was stop twenty-one over there by the old Maple Leaf Inn on the west bank, and we stopped again over here on the east bank by the dispatcher's office. Where the Red Fox is. We braked all the way down the east hill, and all the way down the west hill. Those hills were steep."

Sam and I crossed to the north railing of the bridge to watch the geese slide under, but they got sidetracked in the glide past the mallards' domain. The owners were not in residence.

"Thunder across the bridge," reminisced Sam. "Yes, there was thunder once, come to think of it. I was a dispatcher at the time. It was a Sunday morning. A loaded coal car rolled out of a siding at Scotland Corners. It coasted through the meadows of the White place, picking up speed as it went. I was in the dispatcher's office even though I wasn't expecting anything until noon. It must have been about half past ten when I heard something tearing down the east hill and roaring over the trestle up in Echo Glen. I looked up the track and here comes this coal car down on me like a mad bull. I was paralyzed."

"What did you do?"

"Do? What could I do? Put my foot on the track and derail the damned coal car? I didn't have any time anyway, and thank God there wasn't anything coming the other way. So...it was sort of let the cat die. Coast up one hill, stop, then back down again and up the other hill, roaring over the bridge each time. I thought maybe we could stop it with some two-by-fours when it reversed on our hill."

"Did you catch it?"

"Nope, said Sam. "Never came back."

"Oh come on now, Sam."

"It was kind of a noble sacrifice on the part of Fritz Walker\*. Not that he intended it that way. Listen. I've got to open up. Come on, I'll buy you a coffee."

We started off the bridge, looking occasionally at the geese downstream. At the end of the bridge Sam turned and looked back at the church. "It was Sunday, as I said, and we had a visiting preacher that day. I wasn't in church. I heard about it later. George Brown told me it was the shortest service he could remember. The visiting clergyman had raised his hand and was about to speak when there was this deafening roar and the whole church shook. The minister's raised had stayed aloft and his mouth stayed open. The knuckles of his other hand whitened on the side of the lectern. His eyes wandered around the church. Getting his breath back and looking once more at his new flock he said, 'Amen,' and 'Here endeth the first lesson.' According to the gospel of George Brown, the second lesson was delivered without interruption. Standing at the door of the church after the service the minister told George that the first lesson was for himself, namely, never to preach in an unfamiliar church without first walking all around it looking for hidden surprises."

Sam opened the front door of the grocery, turned on a light way at the back, and Cahill's was ready for business. We walked into the back room and put on the coffee pot.

"Sam, you said the coal car never came back."

"Fritz Walker's chauffeur stopped it. As you know, all the houses on Main Street back onto the polo field. To get his car out Fritz had to back

over the railroad tracks that skirted the polo field. The chauffeur had just backed Fritz's new Peerless\*\* out that Sunday when he heard this terrible noise that he thought was coming from the new Peerless. So he climbed down to see what was wrong. He said he was looking down into the front end of Mr. Walker's new car when he heard a devastating explosion. He looked up and the back end of the Peerless was gone."

I looked at Sam.

"Well, it stopped the coal car, didn't it! Dragged the rear of Fritz's new car halfway up the polo field."

1923 Peerless (not necessarily Fritz's car)

I thanked Sam for the coffee and he followed me to the front of the store. "Do you know how much it cost to ride the interurban into the city?" he asked.

"No."

"Twenty-five cents."

"Do you know how much it cost to ride a horse the same distance on the old plank road?"

"No."

"A penny and a half."

I left and went over to the bridge once more before starting up the east hill and home. I was in time to see the six geese fly off over the high girders. I was thinking of another dash across the valley and thunder over the bridge. An episode to which Sam never alluded to although his memory was excellent. This was the case of the early morning, backward riding, newspaper reading lone passenger.

[Dear Readers, we will have to wait till next month's Pink Sheet to learn more about high adventure on the bridge.]

\*Frank "Fritz" Walker of Walker and Weeks was Gates Mill's first mayor.

\*\*Peerless motor cars were luxury automobiles built in Cleveland.

## **Gates Mills Land Conservancy**

October 2023

On Saturday September 16<sup>th</sup> the Gates Mills Land Conservancy hosted our first Seminar entitled, "Preserving Gates Mills – Uniting for Land, Water and Tree Preservation". Our three speakers, Dr. Roy Larick - Bluestone Conservation, Chad Clink – Bartlett Tree, and Heather Elmer - Chagrin River Watershed Partners presented in-depth lectures regarding the development of the Chagrin River and identified key environmental issues and solutions for proper stewardship of the land, water and trees.

Along with these key partners, the Gates Mills Land Conservancy's vision is to preserve the natural beauty of the land on both sides of the Chagrin River and to attempt to minimize development through conservation easements and riparian setbacks. One seventh of the Chagrin River's 51-mile length passes through our community. The Gates Mills portion of this watershed is a 175-square-mile network of tributaries, which collect and transfer this runoff to the river as it travels through our village.

Unique issues related to the preservation of the River Corridor include the significant annual erosion of the riverbanks. This may be due to shifting of the riverbank throughout the year from the powerful forces of the Chagrin River or can be the result of development activity in close proximity to these banks. These changes damage riparian areas, the naturally vegetated hillsides, meadows and marches, and additionally affect animal, bird and fish populations living in those riparian areas. Establishing wider riparian setbacks and planting trees and special vegetation native to the river, helps to stabilize stream banks, limits erosion, reduces flood size flows and/or filter and settle out runoff pollutants.

Gates Mills is an integral part of the larger geographical landscape and a major contributor of the Chagrin River Watershed. Because it passes through so many communities, it is understandable that both the Chagrin River and Lake Erie are extremely vulnerable to manmade and natural disasters. One of the best ways to protect the Chagrin River Watershed is to maintain open space, including riparian setbacks, along the banks of the river and its tributaries.

Over the years, many property owners have chosen to preserve their land by making provision for either no or limited development. Among the most common practices are land donation and conservation easements. In its role as steward for the protection of our local open spaces, the Gates Mills Land Conservancy is available to discuss and assist any landowners who are interested in preserving their property.

We take our stewardship responsibility seriously, so we hope that you will reach out to us with your riparian questions, and that you will consider a long-term preservation plan for your property as well.

# Happy New School Year, Gates Mills Elementary

Written by: Erica Alemdar

Only a few weeks into school, the students, faculty, and the staff are welcoming back community members new and old to a fresh school year. Everyone has jumped into the school year at Gates Mills Elementary. With Donuts at Dawn, a Welcome Back Wildcats event, and a Parents' Night Out already, the school continues to open its doors as a part of this incredible village community.

Donuts at Dawn honored our beloved Fire Chief P. Thomas Robinson. After 28 years with the Gates Mills Fire Department, Chief Robinson is retiring. While we are excited for his new adventures and hope he will still stop by and visit, we will miss Chief Robinson. Thank you to the Colleen Miklus Team for sponsoring the event to help celebrate our *make role models* and show our gratitude for Chief Robinson's dedicated service.

Then there was the Welcome Back Wildcats Night. A majority of students and families attended on a school night because they can't get enough of this wonderful school! Thank you to the PTC and Mayfield City Schools who made this event possible.

Teachers, staff and faculty can't even stay away from the school on the weekend! The third week of school capped off with a Movie Night. More than just a fun night out with friends, this Movie Night is a fundraiser for the 5<sup>th</sup> grade's end of year trip and gift back to the school.

## Meet Mayfield Middle School

Written by: Robin Polack

**Mayfield City Schools**

EVERY STUDENT. EVERY DAY.

As our local public school children complete Gates Mills Elementary School, the next stop is the **Mayfield Middle School** serving 1,000 students in grades six to eight. As we kickoff the 2023-2024 school year, we wanted to share a few ABC-oriented data points on the things to love about our Mayfield Middle School!

**Awards** – The Association for Middle School Education identified Mayfield Middle School as a school of distinction – the only Ohio School selected and one of eleven schools across the country receiving this honor in 2023! Additionally, our Principal, Paul Destino was named 2022 Educator of the Year by the Ohio Middle School Association.

**Balanced team structure** – Students at the middle school are divided into grade-level teams of approximately 100 students. Each team of students attends core classes together, allowing for strong relationships to be built among students and teachers during the school year. There are approximately 26 students in each classroom.

**Challenging curriculum** – Mayfield Middle School utilizes a variety of both standardized and informal measures to determine where each student is on the learning spectrum so that true personalization can be met in the curriculum. Students are empowered to oversee their own authentic and engaging education and can participate in numerous elective course options like ceramics, robotics, videography, and podcasting, giving them the opportunity to make connections between their areas of interest and learning in the classroom. Communication goals and opportunities to participate in student led debates, Socratic seminars, and other strategies enable students to be comfortable speaking in public to both their peers and adults.

**Diverse enrollment** – Our student body is diverse, with 58% of students identified as White, 21% Black, 8% Asian or Pacific Islander, 7% Hispanic, and 6% Multiracial.

**Engaging and exciting clubs to join** – Students have the opportunity to expand their horizons by joining social clubs in middle school including Crochet Club, Science Club, Art Club, Harry Potter Lunch Bunch, National History Day Club, Homework Club, Photography Club, Power of the Pen, Student Council, Model United Nations, Lego Robotics, Morning Rec Clubs, Library Lunch Bunch and Morning Band Club.

**Fun volunteer opportunities** – Our students are learning the importance of community service and being good citizens. Mayfield Middle School (MMS) Day of Service is a way to teach our students the importance of giving back to our community and to look for ways to lend a hand to others. In past years, the students at MMS spent half the day raking lawns to help community members, and the other half of the day working on a variety of projects. The projects included, writing letters to soldiers overseas, making treats for dogs and cats in animal shelters, visiting a local nursing home to play games with residents, creating gift bags for kids staying in the hospital and other service-related activities.

Stay tuned for next month's pink sheet to **Say Hello to Mayfield High School!**

### The Life of Trees: Beauty in Change

A.B. Williams Memorial Woods is an old-growth beech-maple-hemlock forest covering 65 acres of Cleveland Metroparks' North Chagrin Reservation in Mayfield, Ohio. One of the best examples of old-growth forest in Ohio, it has been recognized as a National Natural Landmark and a member of the Old Growth Forest Network.

**Sunday, Oct 29, 2023, 10:00 AM - 11:30 AM**

Join Naturalist Dan Jenkins as we dive into a tree's life! Every three months we will hike Sylvan Loop to observe the changes trees go through each season. Meet at A.B Williams Trailhead. Email [northchagrinncc@clevelandmetroparks.com](mailto:northchagrinncc@clevelandmetroparks.com) with questions. No registration required.

Cleveland Metroparks staff can adapt many programs to be accessible to anyone who would like to participate assuming they meet the essential eligibility criteria. Reasonable accommodation can also be made. Please make a request at the time of registration but no later than 72 business hours prior to the program. Contact us at 440-473-3370 or [northchagrinncc@clevelandmetroparks.com](mailto:northchagrinncc@clevelandmetroparks.com)
